

The hardness and flexibility of INDUCON® can be precisely adjusted. This is why this product is used as a dust seal for ventilation and air-conditioning machines, electric cookers, machinery, motor vehicles, electromechanical components, medical technology equipment, radio, television and communications technology, office machines and data processing equipment as well as sewing and clothing machines.

## ✓ PRODUCTS USED

### INDUCON® compressed foam

- ester-based mixed cell:  
INDUCON® S90, S200, S230, S400, S430  
INDUCON® S120W, S150W
- ester-based nearly closed cell:  
INDUCON® SGP450
- ether-based mixed cell:  
INDUCON® T230, T400  
INDUCON® TH160, TH420

## ✓ IMPORTANT PRODUCT CHARACTERISTICS

- narrow thickness tolerances
- acoustic effective
- good hydrolysis resistance
- high temperature resistance
- low minimum quantity

## ✓ EXISTING APPLICATIONS

- displays
- measuring instruments
- (membrane) keyboards
- hearing aids
- microphones
- fire protection flaps
- ceramic hobsr
- remote controls
- loudspeakers
